

NEW DISTRIBUTOR APPOINTED FOR AMENITY RANGE

Limagrain UK has appointed Turfcare Specialists Ltd as a new distributor in the North of England for its range of MM sports turf mixtures and also the Designer range of grass seed mixtures for landscaping.

Limagrain UK's Simon Harrison, north area manager, said: "We are very pleased and excited with the appointment of Turfcare Specialists as one of our MM grass seed distributors as more end users will now have access to popular mixtures like MM60. Turfcare has built up a loyal customer base and we believe by working together, we can help their customers make further improvements to their sports surfaces."

Terry Charlton, managing director of Turfcare Specialists added: "Turfcare was founded 25 years ago and during this time we've been offering a wide range of turf care products to our customers, who range from high profile premier league clubs to small village amenities. Now we are distributors for the popular Limagrain MM grass seed range we've expanded our product portfolio and increased the options for our customers."
